Bright House Networks Business Web Services

WEB HOSTING

When customers want to find information about a product or service, they are increasingly turning to the Internet. Therefore, it is critical to your business growth to have an online presence. Choose from a wide range of feature-rich Web Hosting plans that provide you with the flexibility, easy-to-use tools and reliable 24/7/365 technical support needed to succeed online. What better way to communicate with your customers?

WEB HOSTING PACKAGES

Create a professional looking website in seven simple steps, with over 100 easy-to-use templates, in just 15 minutes. Simply point and click, and when you're finished you can instantly publish your new site to the Internet. Or FTP the content from your existing site to the Bright House Networks platform.

- Easy-to-use interface to manage your website, email and more.
- Securely make changes to your website at any time. Both firewalls and redundant networks eliminate the chance of lost or compromised data.
- Email Hosting included in all five of our Web Hosting Packages.
- Choose from a plan with or without e-commerce capabilities.
- Both Microsoft Windows and Linux-based Hosting is available.
- Microsoft FrontPage® compatible.
- Purchase a domain name through Bright House Networks, or transfer an existing domain name.
- 24/7/365 phone and email Technical Support.

OPTIONAL FEATURES

- Search Engine Optimization (SEO).
- Pay Per Click (PPC) advertising.
- Domain Aliasing.
- Dedicated website IP addresses.
- Additional features available.

EMAIL HOSTING

Email Hosting is included at no additional cost with all five of our Web Hosting packages. Professional domain-based email addresses.

- Browser based so you can access your email from anywhere you have an Internet connection.

E-COMMERCE PACKAGES

Seamlessly integrate an online store into your website with an e-commerce package including the Merchant Manager's set up wizard. With Bright House Networks you can have a full-featured online store enabling your customers to put items into a cart and pay via credit card, securely and in real time.

- Bright House Networks encrypts your customers' personal and financial information using SSL to ensure your customers can shop securely.
- Traffic and storage space are scalable to meet your needs as your online sales grow.
- Compliant with Payment Card Industry (PCI) standards ensuring your customers' credit card transactions are safe and secure.
- Load images and product descriptions for an unlimited amount of products, and update them at any time.
- Track visitor activity, orders and inventory.

HOSTED MICROSOFT EXCHANGE

Microsoft Exchange provides enterprise-level email access and shared resources without the challenges and costs of managing Exchange on an in-house server.

- Secure server housing.
- Full synchronization of desktop, Web Mail and mobile devices.
- Work anywhere at any time with full access to your email folders, contacts, calendars and documents.
- Microsoft Outlook and SharePoint Account included.

HOSTED SHAREPOINT

Provide your employees with a secure, internal-only web site that makes sharing sensitive information and improving communication easy.

- Two plans to choose from to ensure the right amount of email, disk space and users for your business needs.
- Choose SSL-based data encryption for added security.
